

Flickr Feeds

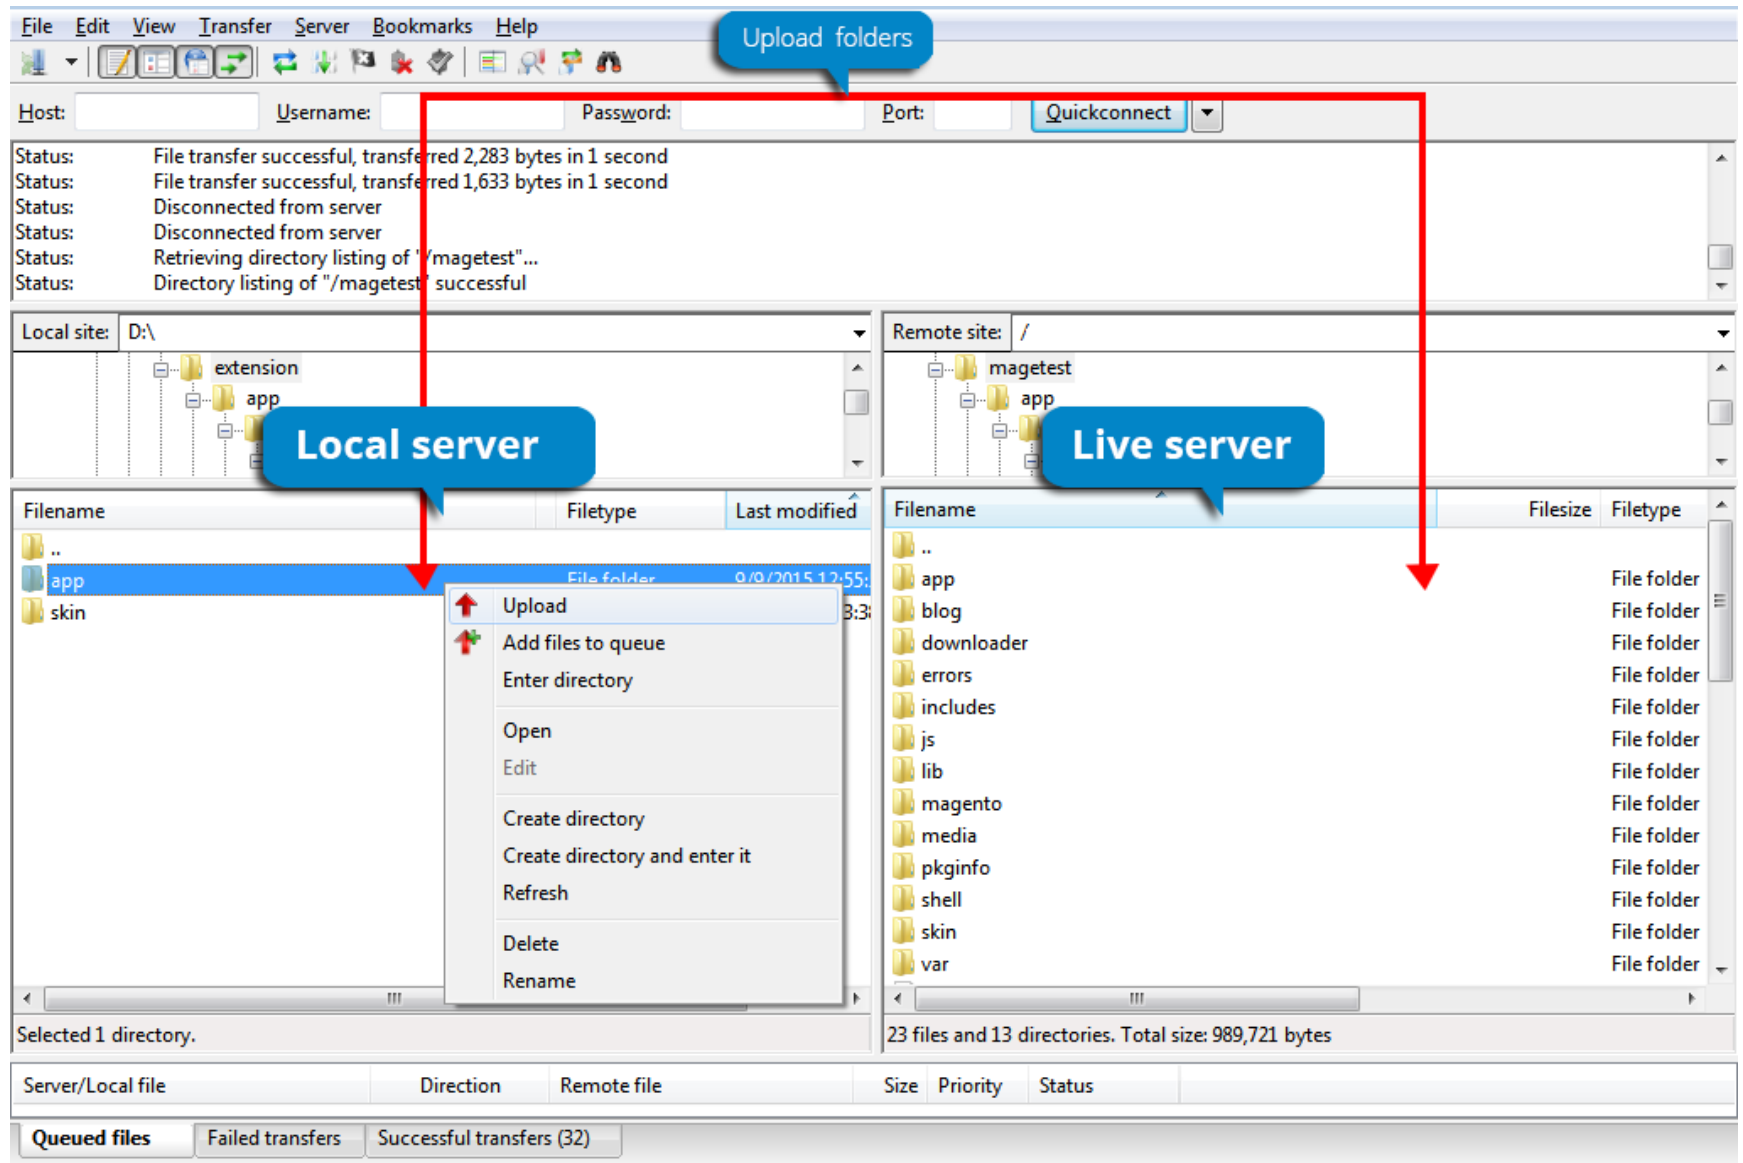

Magento Extension User Guide

Official extension page: [Flickr Feeds](#)

Installation

1. Login into the backend and go to System >> Cache Management >> Enable All Cache Types.
2. Upload files from “Netgo_Flickrfeeds-1.0.0” folder to the root folder of your Magento installation:
3. Go to System >> Cache Management in Magento backend, and click the “Flush Cache Storage” button.
4. Please log out from the backend and log in again for Magento to refresh permissions.

Extension Settings

1) Go to System -> Configuration -> NETGO -> Flickr Feeds
